

Green's Carriage Masters

An independent family-run business, providing a diverse range of services to the funeral trade nationwide

About Us & Our Family

Green's Carriage Masters is an independent family-run business, based in South East London, providing a diverse range of services to the funeral trade nationwide.

We are more than just cars. We can also provide an end-to-end service for the entire funeral process, offering a complete package of funeral requirements.

We operate an extensive selection of vehicles and have the largest privately-owned funeral fleet in the country. This is all managed in-house and across all of our own premises.

Our Staff

We pride ourselves on our staff; they are our greatest asset. Our staff are experienced, supportive and committed individuals who are great ambassadors for our business, and of course a professional representative of your company.

Our drivers have worked for a wealth of companies. They become members of a seamless team, your team. They operate under the full direction of the Funeral Director, in full uniform.

Conductors

Our conductors represent your company as your Funeral Director. Your families can rest assured that procedures will be performed according to their plans made with your Funeral Arranger. We pride ourselves on preparation and keeping an eye on the detail.

Bearers

Our pallbearers are able to assist staff at branches for loading, attend church and chapel ceremonies, report directly to crematoria for carry-ins and graveside for burials. For caskets we operate on a 6-man carry service only.

Our Shop – Chapel of Rest, Mortuary, Arrangement Room & Office Space

We have extended our facilities to provide a **holistic 360 service** incorporating all aspects of the funeral arranging process. This is all managed in-house on our own premises, in South East London.

Our neutral, calm space provides a place for families, friends and loved ones to work through funeral wishes and plans.

The chapel of rest and washing and dressing facilities also mean that time can be spent with a loved one in the precious period before a funeral takes place – whether this is having a brief and final goodbye, or reminiscing with a bottle of their favourite tippie, the option is there to make an experience personal and personable.

COMING SOON – Chapel of Rest, Mortuary and Arrangement room in North London.

Call the office to book any aspect of our shop facilities.

Call: 020 8695 9500

Private Ambulances & Support Services

Our **Private Ambulances** are dedicated vehicles available 24 hours per day, every day. Our brand new Ambulances and a separate support vehicle, are fully fitted and equipped for immediate call-out.

Please liaise with our diary team for **daytime collections** and with our duty crew for **out of hours call outs**.

Call: 020 8695 9500

Our experienced teams can carry out collections, handle paperwork and make returns directly to your branch (even if staff are absent). They are able to fulfil local, long distance and airport duties if you have **Repatriation Service** commitments.

We offer **cold room** storage at our premises and shop to support our Ambulance service, so that a deceased can be kept on our premises after a removal. We can relieve your staff at any time – weekends, bank holidays, or simply overnight until normal office hours resume.

Costs apply according to usage; we do not charge a stand-by fee for these services. Please talk to our Diary team and discuss your cover needs.

Our mortuary facilities can be used for **embalming, washing, dressing, sanitisation** and any post death ritual. We can also arrange this for you with full certification.
